**MEMBERSHIP APPLICATION**

The Dudley Square Main Streets Revitalization Corporation wants to invite you to become a part of the renaissance of the Dudley Square Commercial District. Since 1996, we have attracted more than 200 new businesses with a retention rate of 60%. This translates into more than 600 jobs for the district. Over 500,000 square feet of formerly vacant space has been developed along with three newly constructed office and commercial properties. Ninety four residential units have been constructed in the Square and the 400 units in the new Orchard Gardens Housing Development. Twenty five new storefronts have been completed along with new streets, sidewalks, street lighting, historic markers and the Silver Line rapid transit bus line. Crime committees have been established and engaged in many outreach and crime reduction activities. All this was accomplished by collaboration of the many stakeholders in Dudley Square-businesses, resident, property owners, employees, commuters, public and private agencies, community development corporations, and elected officials.

**Our Mission**

"To make Dudley Square a magnet commercial district with a high quality of goods and services, jobs for local residents, and new investment to renovate our historic properties. Through collaboration with residents, local businesses, developers, police, public and private agencies, Main Streets will build on the area's cultural diversity to foster the growth of the next generation of strong locally-owned and minority businesses. We will help residents participate in the planning of and share in the economic future of the "Heart and Soul of Roxbury".

**What's New and Next.**

There is still work to be done to retain Dudley as our regional shopping and service center and a destination for retail, arts, culture, and restaurants. We need your help to make this happen.
